

INSTRUCTIONS

- 1) First decide which arm you will use Lend-A-Hand on.
- 2) Choose 3 out of the 5 straps that you will use.
(Pick appropriate lengths for upper, middle and lower forearm.)
- 3) **If using Lend-A-Hand on inside RIGHT forearm.**
 - Place the Lend-A-Hand (fleece side down) in front of you with the opening of the sleeve facing away from you.
 - Snap the 3 straps that you have chosen, onto the LEFT side, with: **1st strap**, the smallest, for your wrist (where the opening is) **Then the 2nd strap** in the middle. **And then the 3rd strap**, the longest, for your upper forearm (near your elbow).
- 4) **If using Lend-A-Hand on inside LEFT forearm.**
 - Place the Lend-A-Hand (fleece side down) in front of you with the opening of the sleeve facing away from you.
 - Snap the 3 straps that you have chosen, onto the RIGHT side, with: **1st strap**, the smallest, for your wrist (where the opening is) **Then the 2nd strap** in the middle. **And then the 3rd strap**, the longest, for your upper forearm (near your elbow).

*** CAUTION***

**Lend-A-Hand not recommended
for use with hot items.**

**Hand wash, warm water.
No Bleach. Air Dry.**

What is Lend-A-Hand?

Lend-A-Hand is the first and only universal assistant device. It has been developed by Even Par Enterprises, Inc., to help the physically challenged individual. It helps provide additional arm support, leverage and strength while raking, painting and other day to day activities.

Lend-A-Hand is a patent pending assistant device. Once put on, Lend-A-Hand increases mobility while decreasing the strain off the individual's shoulders, arms, back and legs. Lend-A-Hand helps allow the individual to play golf, wash cars, paint, rake, sweep and wash floors, go fishing and endless other activities and duties.

Lend-A-Hand, the hand that makes the difference.
